

The Voice of BC Dentists

BCDA Statement

June 13, 2022

Revised: Position on COVID-19 Vaccination for Health Care Workers, Including Oral Health Care Professionals

The British Columbia Dental Association (BCDA) supports COVID-19 vaccinations for BC health care workers, including oral health care professionals.

At the request of members, BCDA successfully advocated for dentists to receive the COVID-19 vaccine earlier than the general public, and to also become vaccine administrators.

BCDA strongly upholds the confidentiality of personal health information of dentists and their staff.

The BC Dental Association is the voice of BC dentists. We advocate for our members and promote access to dental care for all British Columbians.
